RAIL STRIKE BELIEVED TO BE AVERTED

Railway Labor Board Gives Out a
Statement Expressing Confidence
In Ultimate Result

PEACE LIKELY WEDNESDAY

Proposals Drawn up to be Presented
to Executives and Chiefs of
Five Brotherhoods

SIGNALMEN ARE VOTING

Decision of Railroad Department of
A. F. L. Not to Support Strike
Has Big Influence

(By United Press)
Chicago, Oct. 24.—The United
States Railway Labor Board today
declared that there was every reason
to believe the rail strike set for Oc-
tober 30, would be averted.

The board called on the public to
refrain from "loose talk" on the
strike situation.

"The public should believe that
both parties to this controversy are
struggling in good faith to solve the
difficulty," the board declared.

The board stated that neither of
the parties should be alarmed or ir-
ritated by unwarranted denunciations
or insinuations from irresponsible
sources.

The statement was the first public
utterance of the board since it called
the conference of the five big
brotherhoods and railroad executives
for next Wednesday.

The statement of the board fol-
lows:

"There is a great reason to hope
the strike will be averted. The Rail-
way Labor Board has settled 70 dis-
putes between railroads and their
employees in a year and a half.

"Many of these disputes contain-
ed possibilities of strikes or lock-
outs. The railroad industry has
gone along with only a few sporadic
tie-ups of a minor nature, while
other industries like building, steel
and coal mining have suffered disas-
trous stoppages or slow paralysis.

"Perhaps the Board is not to be
credited with this, but it is a coin-
cidence that there was no such tri-
bunal in the industries which have
suffered severely from strike.

"The board is anxious to get the
present dispute out of the way in
order that the restoration of sound
business conditions may proceed.
"All good Americans should re-
frain from any action that might
lead to a general strike."

BIENNIAL INSPECTION WILL BE HELD TUESDAY

Eugene Vatee of Muncie, Grand
Commander, and Elwood Barnard,
Inspector General Coming

KNIGHTS BANQUET AT 6.30

The biennial inspection of Rush-
ville commandery No. 49, Knights
Templar, will be held at the Masonic
temple Tuesday evening and the
state grand commander and inspec-
tor general of Indiana will be pres-
ent for the ceremony. Great prepara-
tions for the event have been made
by the local commandery.

Eugene Vatee of Muncie, grand
commander, and Elwood Barnard of
near Greenfield, inspector general,
will attend the inspection of the
Newcastle commandery Monday eve-
ning and will come on to Rushville
Tuesday in time for the round table
discussion with officers of the
Rushville commandery in the after-
noon.

A banquet will be served for all
members of the commandery Tues-
day evening at 6.30 o'clock, follow-
ing which the inspection will take
place.

It will be the first time a grand
commander ever visited Rushville
commandery. When the present
grand commander took the office,
however, he pledged himself to vis-
it every commandery in the state.

ANNA POUNDSTONE IS SERIOUSLY BURNED

Clothing Catches Fire While Burning
Leaves Today and Father
Extinguishes Flames

IS EXPECTED TO RECOVER

Miss Anna Poundstone, daughter
of E. B. Poundstone, 705 North Har-
rison street, was seriously burned
this morning when her clothing
caught fire while burning leaves at
her home, and before the flames could
be extinguished her clothing was
burned off, and her body badly
burned from her face down.

Miss Poundstone could not ac-
count for the manner in which her
garments caught fire, but as soon
as she discovered them in flames,
she ran into the house to an up-
stairs room and Mr. Poundstone
succeeded in extinguishing them.

Her head, face and hands were
not burned, but the rest of her body
was seriously burned. Physicians
who attended her are of the opin-
ion that she will recover unless
complications arise.

When the flames were at their
highest, the resident was threatened
by fire, but members of the house-
hold and others, soon had them sub-
dued.

INJUNCTION MAY BE U. S. METHOD

Attorney General Hints Such a Plan
May be Used if Rail Strike Ma-
terializes

A. F. L. LEADERS ARE OPPOSED

Believe Big Strikes at This Time
Would Cause Labor to Lose Many
Advantages

Washington, Oct. 24.—The pos-
sibility of federal injunctions in
event the railroad strike materializes
was hinted at by Attorney General
Daugherty.

The injunction, if the government
determines on such action might be
to tie up the "big five" brother-
hoods funds or attempt to restrain
the strike call on the grounds that
it is a conspiracy to interfere with
interstate commerce.

Daugherty announced today that
he is organizing the department of
justice "to protect the public inter-
ests wherever and whenever it is
necessary".

The government can petition for
an injunction whenever public inter-
est is threatened, Daugherty said.

He called at the White House to-
day to confer with President Hard-
ing over the strike situation. Later
today federal district attorneys
from New York, Buffalo, Chicago,
Cleveland and Indianapolis will as-
semble at Daugherty's office to re-
ceive instructions as to procedure,
if the railroad employees walk out.

High officials of the American
Federation of Labor are opposed to
a rail strike at the present time, it
was learned today. Every effort will
be made by federation leaders to
discourage strikes by other groups
of Union labor in sympathy with
the rail workers.

President Samuel Gompers and
other leaders of the Federation ac-
cording to a high official, believes
big strikes at this time will cause
organized labor to lose many of the
advantages gained during the war
and will not bring any permanent
beneficial results. In fact labor
leaders here think industrial inter-
ests are welcoming strikes as a
means of breaking up organized
labor and installing the open shop.

Gompers, it was learned, has
been in communication with leaders
of the railroad unions that have de-
clined to strike, urging them not to
walk out.

Government officials now are con-
fident that the backbone of the
strike has been broken. Attorney
General Daugherty may confer late
today with District Attorney Clyne
of Chicago regarding action that
may be taken by the department of
justice.

COUNTY PRODUCTS SHOW DATE IS SET

Best Specimens of Corn, Hogs and
Poultry Will be Displayed De-
cember 5, 6, 7, and 8

PRIZES IN EACH TOWNSHIP

Special Class for Boys From 10 to
18 Years in Corn Show—Premium
Lists Being Made

Corn, hogs and poultry are the
"big three" in Rush County and the
best specimens grown in the county
will be seen on exhibit at the
Rush County Products Show to be
held in Rushville December 5, 6, 7,
and 8.

A number of committees have
been working diligently during the
past week getting everything ready
for the show, which promises to
surpass anything of its kind ever
attempted in Rush county. Tenta-
tive premium lists have been made
out and will be announced in a few
days after definitely decided upon.

As was the case in the last corn
show, there will be prizes offered in
each township for the best corn
grown in the township. Also the
township exhibition will automati-
cally qualify for competition in the
county classes. It has been decided
that winners of first premiums in
the county classes in previous
shows will not be permitted to com-
pete for township prizes, but will
be privileged to compete for county
honors.

A new class has been added to
the corn show, being a special class
for boys between the ages of 10 and
18 years of age. The boys class prom-
ises to be an important addition
to the show as our boys in the
schools are showing much interest
in corn improvement.

In the hog department classes
have been arranged for aged, senior
and junior hogs, aged, senior and
junior sows, get of sire, get of dam,
and for young and aged herds.
These classes will be regular for
Durocs, Big Type Poles, Hamp-
shires, Chester Whites and Spotted
Poles. Classes will be provided
for other breeds providing there are
two or more entries. Breeders who
wish to enter the hog classes should
speak to the management early for
pen reservations.

The regular classes for each
breed of poultry, providing two or
more entries are made, will include
classes for best pen of two pullets
and a cockerel, best cock, best pul-
let, and special prizes for best
pair of turkeys, geese, ducks, guin-
neas, etc.

Prizes will be awarded in a won-
derful manner.

MILK FEEDING IS STARTED IN SCHOOLS

Pupils in First and Second Rooms of
Havens and Jackson Buildings
To Half a Pint a Day

NEW PLAN TO RAISE MONEY

The feeding of milk was started
this morning in grades one and two
of the Havens and Jackson school
buildings, and they will be continued
throughout the school year, under
the supervision of the Woman's
Council, which is responsible for the
movement in the local schools.

At the Jackson school 77 pupils
are given the milk and at the Ha-
vens school there are 60, and each
pupil is given one-half pint just be-
fore recess in the morning.

The milk is being supplied by R.
J. Hall, living northeast of Rush-
ville, and is said to be of an excellent
grade, and the children this morn-
ing were elated when given their
first serving. The milk is from a herd
of registered cows.

In an effort to keep up sufficient
funds, the Woman's Council will
place milk bottles at several stores
in the business district and people
are asked to donate their change
in these bottles, and in this manner
the Council will not have to make
solicitations for funds.

ATTENDANCE IN COUNTY IS 98.4

Average For First Month of School
Year Announced by W. E.
Wagoner, Superintendent

CONSOLIDATED SCHOOLS LEAD

Homer Ahead With Attendance Per-
centage of 99.7—Second Grade
Has Perfect Record

The total attendance for the county
schools at the close of the first
month was 98.4 percent of the total
enrollment of 2676 pupils in the
schools outside of the city of Rush-
ville, it was announced today.

The fact along with many interest-
ing points in the attendance report
of the county schools, is contained
in a compilation of data which has
been collected by County School Su-
perintendent W. E. Wagoner, and
mailed to the teachers of the schools.

The report shows that every con-
solidated school except one, has an
attendance record of 98 percent or
above, the Homer school heading the
list with 99.3 percent. All one room
schools except two had a percent of
attendance below 98 percent.

In the consolidated schools there
were 74 tardies among 2109 pupils;
in one room schools there were 65
tardies among 269 pupils. The range
of attendance in percentages was as
follows:

(A) In townships from 98.9 in
Noble and Orange to 97.6 percent in
Center.

(B) In high schools from 99.7 per-
cent at Homer to 97.9 at Gings,
Glenwood and Raleigh.

(C) In consolidated schools, high
school and elementary schools com-
bined, from 99.3 at Homer to 97.7
at Center.

(D) In two room schools from 98.8
at Circleville to 97.7 at Mays.

(E) In one room schools from 99.4
at Gahimer school to 96.5 at the
Gary school.

(F) In all rooms from 100 per-
cent at Homer, room 2, to 96 per-
cent in room 1, at Arlington.

The school room, grade 2 at Homer
taught by N. Miller, which had a
perfect attendance record for the
first month, was followed closely by
other rooms ranging from 99.7 per-
cent down to the lowest of 97.6 in
the Arlington school, grade 1.

The enrollment in the township
schools at the close of the first
month, and the percent of attend-
ance, was as follows:

WANTS HER HUSBAND PUT UNDER PEACE BOND

Freda Corlett Files Action in Jus-
tice Stech's Court Following Al-
leged Attack

ANSWER IN POSSESSION CASE

Freda Corlett of Milroy, who is
a plaintiff in a divorce suit in the
circuit court against Luther B. Cor-
lett, today filed a surety of peace
proceeding against her husband, al-
leging that he has made threats to
do her bodily harm. The charge was
filed in Justice Stech's court, but
the defendant could not be located.

It is understood that the couple
engaged in a controversy last
Thursday night, and Mrs. Corlett
was found in the street in Milroy
badly beaten and bruised, it being
alleged that her husband attacked
her.

A suit for possession and damag-
es filed last week in this court by
James Worth, Joplin "millionaire",
against Alvin Linville, the defend-
ant filed an answer today, in which
he attempted to show his ownership
in the property. Justice Stech held
that there was not the question of
ownership involved and he will be
able to try the case.

If Justice Stech had held the an-
swer sufficient to show ownership, it
would have been outside the jurisdic-
tion of his court and would be filed
in the circuit court. The case will
be heard in a few days, having been
continued from today.

CHARLEY WILSON IS FINED \$50 AND COSTS

Pleads Guilty Before Mayor Scud-
der to Having Intoxicating Liquor
in His Possession

HAD SIX QUARTS OF WHISKEY

Charley Wilson, 823 West Sev-
enth street, appeared before Mayor
Scudder this morning in police court
on a charge of unlawful possession
of intoxicating liquor, and after en-
tering a plea of guilty, he was given
the minimum fine of \$50 and costs,
which in all totalled \$80. The fine
was paid. Wilson was arrested last
night by police, and according to
the affidavit he was alleged to have
had six quarts of white corn whis-
key in his possession.

Under the statute for such cases,
the minimum fine is \$50, and costs
in the case are \$25 for the prosecu-
ting attorney and \$5 docket fees. A
jail sentence also may be included
in the fine, but as this was his first
arrest on this charge, the court
showed mercy.

MINIMUM QUOTA OF COUNTY FIXED

Farmers Asked to Contribute Three
and Half Cars of Corn For
Near East Relief

ELEVATORS TO CO-OPERATE

Canvass of Townships Will be Made
Before Week of November 14
—Plans For Shipping

Rush County Farmers are asked
to contribute 3 1/2 cars of corn, as a
minimum quota, for the relief of the
starving thousands in the Near East.
Township leaders are now organiz-
ing their committees for the drive
which will be put on in the county
before the week of November 14, the
time set for the delivery of the
grain to the receiving stations. A
number of elevators have expressed
their willingness to act as receiving
stations.

One bushel of corn will produce
approximately 10 pounds of pork.
The same amount will keep a boy or
girl in Armenia alive for three
months.

In the city of Alexandrapol, alone
it requires 300 tons of food per
month to keep alive the 20,000 or-
phans now under the care of the
Near East Relief.

Eighty thousand bags of grain
contributed by Mississippi farmers
last spring was "hailed with joy by
the starving population," it is re-
lated. This is a new outlet for corn
which should be encouraged, not only
for humanitarian reasons, but for
business reasons as well.

A Starke County farmer makes an
advance subscription of 50 bushels
of corn while the first promise
from Franklin County is for a wagon
load. How many Rush County far-
mers will show the same spirit? Is
the question the local organization
is asking.

The farmers of Indiana are asked
to contribute both corn and
wheat. There are only about seven
million bushels of wheat on Indiana
farms, including the three million
bushels which was used for seed.
Therefore the state committee in
charge of the drive has decided to
exchange any wheat contributed for
its equivalent in corn. With an es-
timate of the third largest corn
crop in history, this appears to be
a good policy.

The plan which will be followed in
this county is the canvassing of the
townships by committees who will
take pledges for corn or money
which will be used to buy corn. After
the pledges have been delivered to
the receiving stations, it will be ship-
ped out to the seaboard for export
to the Near East if there is as much
as a full car load at one receiving
station; if not, the grain will be
converted to cash and reinvested in
grain at the best advantage.

It is pointed out that the drive is
being put on by an organization,
which receives no remuneration for
its services.

UNITED STATES TO HOLD ALOOF

Policy to Remain Out of Controversy
in Central Europe Announced
By State Department

EXILE IN UNITED STATES

Such a Scheme Suggested to Rid
Europe of Former Emperor
Karl Who Attempted Coup

(By United Press)

Washington, Oct. 24.—The United
States will remain aloof from the in-
cident of the attempted coup on
Hungary by Former Emperor Karl,
it was declared today at the state
department. This is in line with this
government's policy to have nothing
to do with Central European af-
fairs. State department officials
also denied a report that Ambassa-
dor Herrick at Paris had asked for
instructions in the Karl incident.

Paris, Oct. 24.—A suggestion that
the Former Emperor Karl of Hun-
gary be exiled in the United States
after he is caught was raised at the
ambassador's council today.

Every dispatch stated that the
council demanded the expulsion of
the Emperor but did not know what
to do with the Royalist revolution-
ists. Various suggestions were given
A decision will be reached Wednes-
day.

The ambassadors were informed
by telegram from Vienna that the
situation in Hungary had become
more serious. Fresh contingents of
Admiral Horthy's forces were said
to have joined Karl who was report-
edly nearly Budapest and was meet-
ing with little resistance.

New York, Oct. 24.—Former Em-
peror Karl of Hungary who fled
from Asylum in Switzerland to join
5,000 of his followers in a desperate
coup d'etat against the present gov-
ernment of Hungary, was today
variously reported from European
capitals to have been successful and
to have been assassinated.

The three last dispatches received
from Vienna, closest capital to Buda-
pest where the monarchist drive to
put Karl once more on the Hungar-
ian throne is centering, contained
conflicting accounts of what had
occurred. A dispatch dated noon
today said Admiral Horthy, the re-
gent, continued to hold out against
the attack of Karl's troops near the
Hungarian capital and that a truce
was being arranged. Simultaneous
reports quoted the Morgenpost, a
daily newspaper, as saying "Buda-
pest had capitulated and that Horthy
had been forced to flee and another
government would be formed."

COUNTRY CLUB IS ONE SHORT OF 150 MEMBERS

Stock Memberships Are Being Taken
Rapidly, 149th Member Being
Rush County Farmer

INCORPORATION IS FILED

It's now 149, who'll make it 150?
That was the word going around
among persons interested in the
Rush County Country Club today.
The 149th stock member was obtain-
ed shortly before noon and it was
expected that the 150th would be
added before night. This is a larger
number of memberships than the
most optimistic country club boost-
ers expected and insures the abso-
lute success of the club, it is held.

It might be interesting to those al-
ready members to know that the
149th member was a Rush county
farmer. Some farmers have refused
to join on the theory that they get
enough exercise anyway, but pro-
moters of the club are arguing that
a farmer is as much a business man
as one engaged in any other business
and that he should find enjoyment in
golf or any other recreation features
to be found in a country club. It
is expected that a number of farm-
ers who have been debating the pro-
posal will join.

The articles of incorporation have
been mailed to Indianapolis and the
club will be ready to do business in
a few days.

MANILLA IN TRIBUTE TO PRIVATE PATTISON

Community Turns Out En Masse Sunday For Services in Memory of Dead Soldier

FIRING SQUAD FROM HERE

The Manilla community turned out en masse Sunday to pay tribute to the memory of Private Cyrus Ethan Pattison, the only Manilla boy who made the supreme sacrifice in the World War.

The Methodist church, where services were held in the afternoon, was not large enough to accommodate the people and many stood on the lawn during the ceremony. The body lay in state at the church Sunday until time for the funeral. The Rev. J. L. Brown and the Rev. M. E. Able, Manilla ministers, spoke in glowing terms of the deceased soldier.

American Legion posts in Rushville, Arlington, Morristown and Shelbyville were represented and about forty ex-service men were in the procession which marched to the Manilla cemetery where the Legion ceremony was carried out. A firing squad and two buglers of Rush post No. 150 of this city participated.

Private Pattison was the son of Mr. and Mrs. Cash Pattison and was killed in the Argonne forest in September 1918.

New York Stocks

(By United Press)

New York, Oct. 24—Opening prices on the New York stock exchange included:

Studebaker 73 7/8, up 1/8; U. S. Rubber 47, off 1/4; Anaconda 39 3/4, up 3/8; Union Pacific 119 3/4, up 1 1/8; U. S. Steel 78 1/8, off 1/4; Erie 12, up 3/8; Baldwin 89, up 1 1/2; Southern Railway 193-8 up 1/4; Tobacco Products 663-8 off 1/4; General Electric 129 1/2 up 7/8; Northern Pac 73 3/4, up 1/4; Haskell Barker 70 1/2, unchanged; Retail Stores 31-5-8 off 1/8; Utah 52 1/2 off 1/4; Penna 36, up 1/4.

The New York stock market showed a good tone at the opening today in response to a more favorable outlook to the railroad wage controversy. Railroad stocks were among the leaders and Studebaker made an early high above 74. Mexican petroleum opened up 1/4 at 104 while Houston touched Saturday's high at 75.

Great Northern preferred was unchanged at 70 1/2, but Northern Pac was up 1/4 at 73 3/4. Haskell Barker was unchanged at 70 1/2.

There was little change in the steels.

KILLED BY STREET CAR

Indianapolis, Oct. 24—James Ogden, Jr., 7 years old, was killed here today under a street car. James was walking in the street with a bicycle and two boxes of floor wax when the car backed into him. Before he died, he said there was no conductor on the car.

According to the Antwerp newspapers, accommodation has now been reserved in that port for German shipping.

COULD MOBILIZE 500 BIG TRUCKS

If State is Called Upon During Strike a Fleet Could be Brought Into Service

TO RELIEVE TRANSPORTATION

Indiana Roads Are Said to be in Good Condition Which Would Permit Traffic

Indianapolis, Ind., Oct. 24.—In the event the state highway department is called upon by Governor Warren T. McCray to mobilize motor trucks for transporting food stuffs and necessities to relieve suffering in Indiana occasioned by a rail tieup, a fleet of at least 500 big motors will be available simultaneously and start operating upon a moment's notice from various parts of the state. Lawrence Lyons, department director said today.

"Governor McCray has indicated that in an emergency he will call upon the highway motor transportation department. We can place at least 500 trucks of from three to five ton capacity each at his disposal immediately, and can augment this by at least 100 additional motors within a few days as we are expecting another consignment from the Federal government shortly."

Mr. Lyons says the Indiana roads were never in better condition for heavy emergency traffic than now. There are less than 25 detours on approximately 3300 miles in the state highway system of roads—a condition not equaled in any state in the Union where extensive highway development is in progress.

Mr. Lyons pointed out that with 500 motor trucks available at once, and estimating the average haul would be six miles, these trucks could handle 8,000 tons of freight each day. In other words the average capacity per truck is 3-tons, giving the 500 cars 1500 tons capacity. Estimating each truck would travel 30 miles each day, this fleet for emergency relief represents a means of handling 45,000 tons of freight if only moved one mile a day. Tonnage handled would naturally be lessened as mileage increased.

A survey of the market highways of Indiana discloses that truck lines into Indianapolis connect with all sections of this state and without exception are in splendid condition and open to emergency traffic.

On the National road between Indianapolis and Terre Haute there are two detours. On the same road east of this city there are but three detours and these around bridges. The Range Line road is open between this city and South Bend, with one detour near Kokomo. The road from here to Columbus, Seymour and Louisville has a bridge detour near Seymour. Between Indianapolis, Lebanon and Chicago there are no detours in Indiana, while on the Michigan road, Indianapolis to Madison via Shelbyville and Greensburg, there is one short detour in Ripley county near Versailles. The Indianapolis to Brookville road leading into Ohio is in fine condition, as likewise is the Indianapolis to Martinsville highway. In fact Indiana now has eight main market highways in excellent shape to meet any unusual traffic demand that may arise.

According to highway officials it is difficult to estimate the number of motor trucks in this state available in case of a railroad tieup. "The excellence of Indiana highways has created a peculiar situation in that there are many individuals engaged in the trucking business, and there is not a day passes but we receive inquiries from owners wishing hauling contracts," a Mr. Lyons says. "I believe that many hundreds of trucks are available for transporting emergency freight upon short notice providing conditions demand such action. I am positive that our state highways are in condition to care for this potential heavy traffic."

A special committee is working up a series of special features for the event, and altogether indications are that the products show will be a real affair.

It is pointed out by the management that this is a Rush County event and not confined to Rushville city or township. The committees in charge have been selected from various townships. Sherman O'Neal, chairman of the finance committee, will be glad to receive contributions from anyone interested in boosting Rush county, the money being used for the premium lists.

C. F. PATTERSON TO SPEAK

Orange Township Farmers to Meet at Gowdy Thursday Night

The Orange township farmers association will meet Thursday night at Gowdy and all members of the organization are urged to attend the meeting. A program is being arranged by the committee and C. F. Patterson, field worker for the state federation, will be on the list for an address. Mr. Patterson recently addressed the Richland township organization and his address was highly commented upon for its vital importance to the farmer.

On account of the importance of the meeting, it is expected that every member will attend and take part in the session.

The British Ministry of Food has announced its intention of removing all restrictions on foodstuffs at the earliest possible date.

The Biggest Earner on the Farm

"Everybody who knows anything about dairying understands that if a man will take a herd of cows and attend to them, taking care of the pigs and calves, nothing can down him. It is the only sure plan on the farm because it has so many pulls from different angles. He has the skim milk for calves and pigs, and his farm keeps getting better year by year."—An Iowa Farmer.

Cream Separator Primrose

There never was a better time to prove the truth of what this man writes than now. With the price of corn low, the way to get the most money out of it is to feed it, separate the milk and sell the cream. You can bring pigs to market weight quicker with skim milk and corn than in any way, and raise more pigs to the acre. But to get the greatest value out of skim milk, it must be fed sweet and with the animal heat still in it. The only way you can have the milk in this condition and save all the butter fat is to use a cream separator.

A Primrose Cream Separator will save all the butter fat in the finest condition. It is easy to turn, easy to wash, easy to keep in perfect running order. It oils itself from a supply in the gear case, and only an occasional replenishing of the oil is necessary. The big chore of washing out the dirty oil is done away with by the oil drain tube, which drains out the dirty oil when new oil is added.

Come in and let us show you these and many other unusually good things about the Primrose.

Capital Society Goes Into Business

(By United Press)

Washington, Oct. 24.—Washington society is all upset.

Right on the eve of the arms parley and the biggest season in history, certain members of the innermost circle of the residential set, that inscrutable group which official society and the diplomatic corps have never been able to penetrate, have surrendered to commercialism.

The story was spilled by a horrified matron who exclaimed to an acquaintance:

"Why, they have actually gone in for trade, my dear! Just think of it!"

It all came about when an "all society" store was opened under the

corporate name of the "Francise". Everybody from the manager to the bundle wrapper is well known in Washington society.

At first it appeared to those who saw the names of those identified with the enterprise that it was a benefit for something or other, but it was not.

The store, for store it is, was opened in the house given by a grateful people to Admiral Dewey as a residence. The Admiral deeded it to his wife, shortly after he received the gift, and his wife sold it.

Now, it is a shop devoted to the sale of infants', children's and school-girl's clothing.

Mrs. Joseph Leiter is described as the backer of the enterprise, although the names of Mrs. Ormsby McCammon and Mrs. Charles O'Donnell Lee appear as proprietors. Mrs. McCammon, nee Estelle Mur-

ray, of Philadelphia, is saleswoman. Mrs. Lee is manager, and they are assisted by a bevy of girls, all prominent.

BASKET DINNER SUNDAY

An all day meeting, home coming and basket dinner will be held at Salt Creek Baptist church south of New Salem, next Sunday. The Rev. Mr. West will preach morning and afternoon and a large crowd is expected to be present for both meetings and the basket dinner. Everyone who cares to attend is invited.

—Judge Will M. Sparks was in Liberty today, acting as special judge in a suit in the circuit court.

—Mrs. J. W. Hogsett will leave Tuesday for Chicago for a few days stay with her daughter, Mrs. Horace Ingram, and Thursday night will depart for Phoenix, Arizona to spend the winter with her sons, Dick and Floyd Hogsett and families.

"The Affairs of Anatol"

The greatest picture in cast and rich investiture ever made since the photoplay began.

With due regard to "Male and Female," "Why Change Your Wife?" "Something to Think About," and all the other big DeMille productions de luxe, "The Affairs of Anatol" attains the highest mark yet reached in the blending of life and beauty on the screen.

A vivid, tingling drama of love and marriage. Glowing with luxury. Piquant with gay adventure. Played by stars enough for ten pictures!

Strike Fizzling Out

Today's news dispatches indicate the much-advertised and long-heralded railroad strike is about to fizzle out. We have been informed daily for two weeks of another union voting to join the Big Five Brotherhoods in the walkout scheduled for October 30. But as the eventful date approaches, one by one the union leaders are beginning to take it all back.

And by doing so they are demonstrating their good judgment. Public sentiment would be decidedly opposed to tying up the nation's transportation system at this time, and without the support of the public, the strike was doomed to failure before it began.

An informed public, such as are the people of the United States on the railroad question, would not countenance a walkout at this time. They remember the abject surrender

of congress when the Adamson law was forced through in 1916 and marked the beginning of the rise of railroad operation costs, which carried with them increased rates and consequent advance in the cost of the necessities of life.

When the Adamson law was passed, the annual labor bill of the carriers was \$1,468,000,000. This measure alone increased it to \$1,739,000,000. The Federal railroad administration pushed it up in 1918 to \$2,613,000,000 and in 1919 to \$2,843,000,000. The Railroad Labor Board raised it again in 1920 to \$3,698,000,000. If the increased scale of 1920 had been in effect during the whole of that year the 1920 wage account would have totaled \$3,980,000,000. Since 1916 the labor cost of railroad operation has increased 151 percent. Since 1917 it has increased 115 percent, or, if the last scale had covered the full year in 1920, 128 percent.

No legitimate reason for a strike could be conjured up, especially at this critical period when all government agencies are co-operating to get back to normal. The fullest publicity has been given the railroad question and the unions have had an honest deal from the railroad labor board.

The labor board, after full hearings, ordered a cut in wages of twelve percent, effective July 1. Later they ordered certain changes in union rules which effected savings in railroad operation, but took nothing from the men that was really earned.

But the unions called for the strike vote on the basis of wage reduction last July and the change in rules. The brotherhood chiefs ordered the strike because of the request for a further cut not yet allowed or even considered. No such strike could be won because it is not warranted. It would lose all of the sympathy the unions have and it would solidify public sentiment against them, which would be greater than the loss in wages.

Foreign Debt Cancellation

It is surprising how persistent certain people can be in their efforts to effect the cancellation of the billions of dollars in debts that the allies owe to this country.

What is behind this insidious campaign? Have these people or their masters bought heavily of depreciated foreign money—especially French and German—and do they expect that the cancellation of the allied debts will raise the value of this foreign money, thus creating additional fortunes for themselves?

Or have they other irons in the fire whereby they hope to reap rich rewards through the creation of a stupendous loss to their country?

Are they voluntarily canceling any of the debts other people owe to them? They are not.

They claim that the cancellation of the debts that other people owe to them restore American equilibrium.

There is a gentleman of color in the woodpile somewhere.

He should be chased out.

We'd like to see him.

Don't be telling the Washington disarmament conference what it should or should not do. multitude of individual opinions fired at our delegates will only convince representatives from abroad that we are a people who do not know our own minds and are therefore not to be taken seriously.

It is opinion of someone, we don't remember whom, that red neckties are some times cause for divorce. But why blame this species alone when marriage ties fail in same category!

Marriage is a gamble in which the public invariably backs the winner.

BIRMINGHAM TO HONOR BIRTHDAY

City's Fiftieth Year Since Incorporation Was Marked by Beginning of a Week's Celebration

HUGE FASHION EXHIBIT

Initial Performance of a Pageant on History of City Will be Presented at Avondale Park

(By United Press)

Birmingham, Ala., Oct. 24.—Birmingham's fiftieth year since incorporation was marked this morning by the beginning of a week's celebration.

The opening of a huge fashion, industrial and automobile exhibit took place today and the initial performance of a pageant on the history of Birmingham will be presented tonight at Avondale Park. There is a grand chorus of 1,000 voices, besides an orchestra of unusual size.

Birmingham was founded in 1871. It developed from a tiny village of about 3,000 inhabitants in 1880 to a metropolis of 178,270, according to the official census figures for 1920. Birmingham is the largest city in Alabama, third largest in the south and the biggest of its age in America.

Coal and iron has been the basis of rapid and substantial growth and while they are still the leading products of the district, other branches of industry have grown up here.

The climax will be reached on Wednesday, when President and Mrs. Harding will arrive in the city. The streets have been gorgeously decorated in honor of the chief executive, who will take part in a huge parade. When he arrives on Wednesday morning, he will be met at the train by a delegation of citizens and 67 of the most beautiful girls in Alabama who have been chosen as "queens" from their various counties.

Following the parade, the president will make a formal address at Capitol Park and then lay the cornerstone of the new Masonic Temple. He and Mrs. Harding will be the guests of honor at a banquet and ball at the Country Club in the evening.

On the same day, the American Cotton Association will convene in their annual convention here.

The first athletic carnival also took place today with a boxing contest. Football, tennis, baseball, volley ball, running and other sports will be staged during the week.

Street dancing will begin tonight and will be one of the forms of amusement every night during the celebration.

The fashion show is one of the most elaborate events staged in Birmingham. The huge canvas tent is most artistically decorated and forms a suitable background for the daily promenade of the lovely "county queens" and the live models from New York. One end of the tent is devoted to an art museum, where the famous MacKenzie pastels of Birmingham steel industry are on display. There is an interesting reconstruction miniature of the village of Birmingham fifty years ago.

The historical pageant of Birmingham has been written by Wallace Rice of Chicago, and Director Robertson, who is an actor, put a great deal of effort into the presentation and will himself appear in the cast. The pageant opens at the time the red men still ruled Alabama, showing the development to the present stage of civilization, mingling the folklore and legends of the state.

Other people's troubles bore us almost as much as ours bore them.

RECALL ELECTION TO BE HELD ON FRIDAY

North Dakota Voters Will Have a Chance to Express Choice About State Expenditures

ARE TWO POLITICAL FACTORS

(By United Press)

Fargo, N. D., Oct. 24.—There is not any doubt about what will happen if the voters go to the polls and express their wishes without prejudice," Theodore G. Nelson, secretary of the Independent Voters association said today.

Nelson's statement expressed the optimism of the Independent forces opposing the non partisan league in the recall election sea for next Friday.

"The fact that the expenses of the state increased \$5,600,000, in one year and that no one but those have keys to the State Bank of North Dakota know anything about how much our state is being kept in debt for tax payers to make good in the future is rapidly convincing every thinking man and women in North Dakota that October 28 is not any too soon to order Frazier, Lemke and Hagen out of office and replace them with Nestos, Johnson and Kitchen," Nelson said.

Nestos, Johnson and Kitchen have promised that they will immediately on taking office dismiss all needless state employees and otherwise economize in the administration of public affairs."

An argument arose today between non partisans and independents over the laws governing registration of voters. Places of registration were open in about half the counties of the state yesterday, it was learned. Other places did not open, including Grand Forks.

Mrs. Lehman Had Suffered Ten Years From Indigestion—in Splendid Health Now

"I suffered for ten years from nervous indigestion. I had no appetite and always felt miserable. I was in such a serious condition I thought my time for this world was getting short. My food didn't seem to nourish me at all and I only weighed 85 pounds.

"After taking Tanlac, I now weigh 108 and am gaining every day. Oh! there is such a wonderful change now. Tanlac relieved my troubles so quickly it surprised me. My appetite is splendid. I have plenty of strength and feel better than I have in years. I wouldn't take one thousand dollars for what Tanlac did for me."

The above statement was made by Mrs. Clara Lehman, Bristol Hotel, Rochester, N. Y.

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

corporate name of the "Francise". Everybody from the manager to the bundle wrapper is well known in Washington society.

At first it appeared to those who saw the names of those identified with the enterprise that it was a benefit for something or other, but it was not.

The store, for store it is, was opened in the house given by a grateful people to Admiral Dewey as a residence. The Admiral deeded it to his wife, shortly after he received the gift, and his wife sold it.

Now, it is a shop devoted to the sale of infants', children's and school-girl's clothing.

Mrs. Joseph Leiter is described as the backer of the enterprise, although the names of Mrs. Ormsby McCammon and Mrs. Charles O'Donnell Lee appear as proprietors. Mrs. McCammon, nee Estelle Mur-

ray, of Philadelphia, is saleswoman. Mrs. Lee is manager, and they are assisted by a bevy of girls, all prominent.

BASKET DINNER SUNDAY

An all day meeting, home coming and basket dinner will be held at Salt Creek Baptist church south of New Salem, next Sunday. The Rev. Mr. West will preach morning and afternoon and a large crowd is expected to be present for both meetings and the basket dinner. Everyone who cares to attend is invited.

—Judge Will M. Sparks was in Liberty today, acting as special judge in a suit in the circuit court.

—Mrs. J. W. Hogsett will leave Tuesday for Chicago for a few days stay with her daughter, Mrs. Horace Ingram, and Thursday night will depart for Phoenix, Arizona to spend the winter with her sons, Dick and Floyd Hogsett and families.

ARLINGTON A. C. TEAM DEFEATED

Rush County Eleven Held Scoreless by Ferndales at Indianapolis Sunday Before 2000 Crowd

GOAL LINE CROSSED 4 TIMES

Forward Passes Count For Two Touchdowns and Straight Line Plunging For Others

The Arlington Athletic club lost to the Ferndale club of Indianapolis yesterday afternoon in a football game played on the Ferndale field at Indianapolis, the score being 26 to 0. The winning team used forward passes to count two of their touchdowns and straight line plunging accounted for the other.

Neither team scored in the first quarter, but soon after the second period started a forward pass was made and a touchdown counted after a long run. In the third quarter an end run gave the Ferndales a 13 to 0 count, and in the last period two more touchdowns brought the score up to 26 points, while Arlington was unable to penetrate the strong line. Approximately 2,000 people witnessed the game, and it was the fifth straight victory for the Ferndales, with no team scoring on them in any of the five games.

Miss Allene Budd, Mrs. John Carr and Mrs. Russell Kirkpatrick of this city were guests at a bridge party given by Mrs. David H. Jennings Friday afternoon at her home in Newcastle. The home was elaborately decorated in beautiful autumn flowers. Following the bridge games a delicious two course lunch was served to the guests at small tables which were adorned with pink begonias.

A wedding of much interest to friends in this city was that of Miss Otta Lorella Green, daughter of Levi N. Green of Connersville, and Emmet Frank Doddridge of Doddridge Chapel, which occurred last Thursday at 2:30 o'clock at the home of the bride's parents. The Rev. John Doddridge, uncle of the bridegroom, of Indianapolis, performing the ceremony. Everett Gates, tenor soloist of Centerville, sang "Love's Old Sweet Song" and "Oh Promise Me." Miss Zelma Wood, pianist, of near Connersville, played Lohengrin's wedding march for the procession and softly played bridal airs during the ceremony. The bride wore a bridal satin and georgette gown with a full veil. Miss Bernice Bowandoff of Anderson, cousin of the bride who was bridesmaid, wore a pale blue taffeta with frills. Mr. and Mrs. Doddridge left immediately for Washington, D. C., Baltimore, Mr., and other points. They will be at home after November 24 near Doddridge Chapel. The bride is a member of the Tri Theta sorority at Wisconsin University where she graduated after having graduated from the Connersville high school. Mr. Doddridge is a graduate of Earlham College and is an enthusiastic helper in the vicinity around Doddridge Chapel.

2,000,000 RUSSIAN FAMINE VICTIMS

Despite All Help Coming From America at Least 25 Percent of Children Are Doomed to Death

UNABLE TO OBTAIN FOOD

Children's Homes Are Being Established All Over Country Even in Smallest Cities

By JOHN GRAUDENZ, (U. S. Staff Correspondent) Moscow, (By Mail).—Despite all help coming from America, at least 25 per cent of the children within the famine region are doomed to death.

The people who probably will die during this winter of starvation may be estimated at one million and a half to two million. The percentage of the dying will be greater the further one goes into the country, while the children near the cities will be easier reached through the American Relief Work.

When the Volga freezes there will be thousands dying without being heard of.

This terrible outlook is, despite the fact that Soviet Russia takes all the care possible of her children. The only thing they need is what the Soviet cannot give them—food.

All the villas and palaces of the former wealthy class are filled with the happy youngsters, with their deep fatalistic Russian eyes. Whatever there may be available in Russia in the way of food, clothing and other things which make the life of a child worth while living, is given to them. "Children first" is the slogan of everyone. In Moscow there are hundreds of children's homes, where the kids not only are being fed, but educated. All these children are able to sing the "Internationale" and other revolutionary songs. Soviet Russia is raising a communistic generation.

Children's homes are being established all over the country, even in the smallest cities. When I visited the city of Samara, I saw a children's colony of about 50 houses along the banks of the Volga, where formerly the wealthy people spend the summer. All of these children looked happy, bright-eyed and healthy.

Even at the city of Stavropol, of 10,000 inhabitants there were six children's homes, besides one hospital for the children. This hospital, however, was filled with malaria and disenteric patients, caused by the lack of food. If American mothers and children could only have seen the sad, dog-like eyes with which the children followed us when they heard we had come to investigate what American children could do for them.

"Tell American children we will never forget what they will do for us and if we are grown up, we will perhaps thank them personally," one child told us. The fact that there was no tears made the situation the more pitiful. It lies in the Russian character to endure without complaining. He is a fatalist.

SEARCHING TUNNELS FOR \$33,000,000

Denver, Colo., Oct. 24—Two Colorado men, William Barker and Charles Lee, of Lake City believe they are on the trail of \$33,000,000 in gold and silver bars.

They believe that Treasure Peak in San Juan range of the Rockies, is the secret cache of treasure taken by a band of Spaniards and Frenchmen hundreds of years ago. Both men declare they have found the shaft used by this band of Spaniards and Frenchmen.

At the bottom of the shaft, they claim, a stone tablet giving a complete description and diagram of how the treasure could be located, was found. Somewhere in the forgotten tunnels of Treasure Peak is hidden \$3,516 large bars of silver according to the stone chart, and Barker and Lee expect to start their treasure hunt in the mountain at once.

RAIL STRIKE BELIEVED TO BE AVERTED

frain from loose talk and provocative language about either side of the controversy now pending. Let the public assume that both parties to this controversy are struggling in good faith to solve some of the difficult industrial problems that are the aftermath of the war and that all governmental agencies recognize the complexities of the situation and are anxious to be useful in their solution.

"Neither of the parties should be alarmed or irritated by unwarranted denunciations or insinuations from irresponsible sources."

Ben Hooper, former governor of Tennessee and representative of the public on the board, wrote the statement to the public.

All board members signed it.

With a general railroad strike already averted the Board today drew up proposals to submit to the five big brotherhood chiefs and railroad executives at Wednesday's meeting.

Refusal of the railroad department

of the American Federation of Labor to join the strike called by the brotherhood chiefs for next Sunday morning, caused many close to the railroad situation to believe there would be no transportation tie up.

Members of the labor board were of the opinion that peace would come out of the Wednesday conference.

It was pointed out that the Brotherhoods, backed only by the telegraphers union, would have a slim chance of gaining concessions if they struck almost without support and against the wishes of the government.

Labor board members were awaiting an answer to its telegraphic order to strikers on the International and Great Northern Railroad of Texas, demanding the men go back to work. The strike was called Saturday as a "warning" of the impending Sunday strike.

Train service was not impaired by the strike on the Texas road, according to advices reaching here.

Signal men over the country today were marking their strike bal-

lots sent out by the general officers here.

The decision of the signalmen, the only railroad organization that has not taken a definite stand for or against a strike, will be known Wednesday, it was said. There are 15,000 in the organization. The following unions having a total membership of 404,500 have decided to strike Sunday unless a favorable settlement is reached in the meantime: Trainmen, engineers, firemen, conductors, switchmen and telegraphers.

The railroad department of the American Federation of Labor with an aggregate membership of 1,420,000, has refused to join the strike. The organization is comprised of eleven unions.

to the effect the former emperor had been assassinated.

Whatever the actual situation in Hungary at the moment, the possible success of the Karlist coup d'etat is certain to be short lived. The Allies have sent an urgent note to Hungary demanding that the former emperor be expelled. The greatest indignation is expressed in England and France over the incident.

Zehco-Slovakia and Serbia have mobilized their troops on the Hungarian border, ready to invade if the attempt to put Karl on the throne succeeds.

The Czecho cabinet considers the success of such a move a cause of war. It was believed the allies would not interfere if the "little entente," Serbia, Czecho-Slovakia and Roumania wished to step in and capture Karl.

The Empress Zita is with her husband, unless the report of his assassination proves true. She fled with him from Switzerland and was reported to be at his side at the head of the troops with which the coup was attempted.

The danger of a Central European war is less than it might appear for Karl fighting many of his countrymen who are loyal to the Horthy government and surrounded by enemies of the "little entente" could not long hold out. He would probably go into exile voluntarily to save his country from being over run.

The next asylum of the ex-emperor, if he lives, to go into exile, will be Spain. He will be closely watched there. The Swiss government which feels bitterly at Karl's breaking of his parole, would never take him again.

SOCIETY GASPS

Denver, Colo., Oct. 24—Calling on the grand jury to summon before it members of Denver's "ultra exclusive" set in its probe of violation of the prohibition law, Judge Ben Lindsey in a public statement caused Denver society to gasp.

Judge Lindsey, who has been summoned to appear before the grand jury, gave out a statement to the press and to the jury in which he called attention to the alleged flagrant violations of the prohibition law by Colorado millionaires.

Included in Judge Lindsey's list of those who should be summoned are wealthy Denver club men and outstanding figures in Denver's exclusive set.

EMMA BURKETT SENTENCED

Indiana Woman Given Term of Six Months to Three Years

New York, Oct. 24—Emma Richardson Burkett, of Hillsdale, Ind., was sentenced to from six months to three years in the penitentiary today by Judge Talley for forging the name of the late Colonel Theodore Roosevelt to a note for \$69,900.

Her husband, George Burkett, of Hillsdale, conferred with Judge Talley before sentence was passed. He said his wife was considered a crank in Hillsdale and that she had acted mysteriously for several years. He said she was once convicted of attempting to defraud through the use of the mails.

LEADING BANDS TO PARTICIPATE

Indianapolis is Arranging for Mag-
nificent Parade in Honor of Mar-
shal Foch on November 4

TO BE GUEST OF CAPITOL

Purdue University's Famous Mus-
ical Organization to March at
Head of The Parade

Indianapolis, Ind., Oct. 22.—In-
diana's leading military bands will
participate in the magnificent pa-
rade in honor of Marshal Ferdinand
L. Foch on November 4, when he
will be the guest of Indianapolis
for an entire day. Eight organiza-
tions already have been selected for
the celebration, and Walter Pitts-
ford, chairman of the Foch Day
Committee on musical arrangements
expects to secure two or three more
good bands.

Both regimental bands of the in-
fantry units in the Indiana national
guards, the post band from Fort
Benjamin Harrison, the Purdue, In-
diana and DePauw University
bands, the Culver Military Academy
band and the American Legion
band of Indianapolis will be in the
column.

Purdue University's famous musical
organization of one hundred and
fifty pieces has been designated by
the Foch Day Committee to march
at the head of the parade, and to
play for all the ceremonial events.
Most of the other bands contain
approximately fifty men.

The University unit are members of
the Reserve Officers Training Corps
at their institutions and all wear
the familiar olive drab uniform.
The Culver musicians wear cadet
gray.

In order that the big Purdue drum
the largest in the world, may be
in the parade a truck will be provid-
ed to haul this part of the musi-
cian's equipment from Lafayette to
Indianapolis and return. This drum
is 12 feet in diameter and is equip-
ped with an especially constructed
wheeled carriage for use in parades.

Thousands of men in uniform will
march in the Foch Day parade. It is
the plan of the committee to make
it a military spectacle extending in
splendor the Home Coming Day pa-
rade of May 7, 1919, when the state
greeted the returning veterans who
served under Foch in France.

A regiment of regular army sol-
diers from Fort Benjamin Harrison,
more than two thousand members of
the Indiana National guards, the
majority of the thirty thousand In-
diana members of the American Leg-
ion, members of the American Wo-
men's Over-Seas League, in uni-
form, Army Nurses, and others who
saw service in the great war will
be in the column. The Black Horse
Troop of Culver Military Academy
will be the mounted escort for the
noted Frenchman.

Dedication of the Indiana War
Memorial Building, which will be the
permanent national headquarters of
the Legion, an evening mass meeting
special races at the Indianapolis
Motor Speedway and the placing of
a wreath on the Indiana Soldiers'
and Sailors' Monument will be other
features of the Indiana reception for
the Allied commander in chief.

NORTHERN INDIANA TOWNS UNPREPARED

Railroad Strike Tying up Transpor-
tation Would Cause Suffering
Due to Lack of Coal

A SMALL DEMAND FOR FUEL

(By United Press)

South Bend, Ind., Oct. 24.—A gen-
eral strike of railroaders, tying up
the lines of transportation
would find many towns of northern
Indiana and southern Michigan un-
prepared so far as adequate sup-
plies of fuel are concerned. In the
event of severe cold weather lasting
for only a month the supplies of
coal on hand in many of the smaller
towns of this section would be ex-
hausted.

As a general rule retail coal deal-
ers have not placed large orders for
fuel in view of the fact that con-
sumers have been unusually slow
this year in having their needs book-
ed, anticipating that there might be
a reduction in the prices asked.

In years past, large consignments
of anthracite coal have been con-
sumed in South Bend, Elkhart, Gos-
port, LaPorte and other northern
Indiana cities but shipments of hard
coal to these and many other north-
ern Indiana points so far this year
have been unusually light because of
the fact that there has been but lit-
tle demand to date. To an extent
the same situation exists with regard
to soft coal, although in the larger
cities considerable stocks have been
laid in, but not enough to meet
manufacturing and domestic needs
until Christmas. In fact many man-
ufacturers have held off placing or-
ders until the last minute in antici-
pation that prices would be cut.

CRISIS IS REACHED OVER TAX REVISION

Democrats and Progressive Insur-
gents Threaten to Tear Tax
Bill in The Senate

LEADERSHIP IN THE BALANCE

Washington, Oct. 24.—Republican
leadership in the Senate stood in the
balance today as a coalition of Dem-
ocrats and Progressive insurgents
threatened to tear the tax bill to
pieces.

That a crisis had been reached in
party affairs in the Senate is re-
flectantly admitted by administration
leaders. Upon their ability to stem
the rising tide of Republican insur-
gency against the tax bill depends the
future legislative program of Pres-
ident Harding they realize and every
effort will be made to set their house
in order.

This situation is a direct result of
Senator LaFollette's successful fight
against the exemption of foreign
trading corporations from the pay-
ment of income taxes. It has been
many years since the Wisconsin Sen-
ator waged a winning fight in the
Senate and its significance is appar-
ent in the frantic appeal that has
gone out to Republican Senators to
attend the sessions of the Senate
during the consideration of the tax
bill.

Exit Home Brewing

By LAURENCE MARTIN
Washington, Oct. 24.—Home
brewing that violates the Volstead
law will be stopped.

That is Prohibition Commissioner
Haynes' position respecting his re-
cent anti-home brew order as he
stated it to the United Press today
in an interview.

"My job," said Haynes, "is to stop
everything the Volstead law is ill-
legal. I am going to do that to the
utmost of my power. I know efforts
will be made in the courts and else-
where to overturn the order recently
issued for preventing the sale of
articles advertised for use in home
brewing. But you may safely assume
that when those efforts will be
made, we will be prepared to meet
them."

There will be a masked Hallowe'en
box social given at the First Baptist
church Friday evening. All the
ladies are requested to come masked
and bring boxes. On November 4 the
ladies of the church will give a penny
supper in the basement of the church.

Obituary

ALICE M. REA

"Behold at that time I will undo all
that afflicts thee."—It is such prom-
ises as these that enable us to bear
such a sorrow as this that has come
so unexpectedly and with such crush-
ing force into our lives.

Why such a useful life as that
lived by Alice Elliott Rea should
have been brought to such an un-
timely close is beyond our under-
standing; few people have devoted
more of their time for others, than
has Aunt Alice. Since 1892 she has
not only made the home of her be-
loved husband comfortable and
happy but she has been a mother to
his children, Edith and Helen, who
at the tender ages of eight and nine
had been deprived of the greatest
blessing on earth, a mother's love.

Her happiness was complete when
her daughter Lillian came into the
home and since then her love and
hope have centered in her daughters
and the grand children that have
blessed their homes.

She was the youngest of a family
of eight children of James and Eli-
zabeth Caldwell Elliott and never had
the privilege of knowing the pleas-
ure of a mother's love as she was
but an infant when the death angel
summoned her mother up higher.

Sorrow has frequently come into
her life as she has been compelled
to follow to their last resting place,
her father and all of her brothers
and sisters except Mrs. Elizabeth
Morris and William E. Elliott. She
was not crushed however by these
sorrows as she placed her burdens
upon Him who said "Come unto me
all ye that are weary and I will give
you rest," which she evidenced when
she with her husband united with
the Methodist church at Falmouth.

Her life which came to a peaceful
close Tuesday evening October 18th,
surely has been one of service and
usefulness and it may be truly said
with the poet:—

"She lived for those who loved her,
Whose hearts are kind and true;
For the Heaven that smiled above her
And the good that she could do."

SCHOOL ATTENDANCE IS NEARLY PERFECT

Statement of Miss Blanche Merry,
State Officer, at Charities and
Correction Meeting

PERSONAL HELP NEEDED MOST

Muncie, Ind., Oct. 24.—School at-
tendance in Indiana is nearly per-
fect.

This was the statement made by
Miss Blanche Merry, state attend-
ance officers, at the Indiana State
Conference of Charities and Correc-
tion today.

There are 160 attendance officers
in Indiana working steadily to make
this a fact, she said.

There has been some trouble in
some sections of southern Indiana
where some township school officers
are illiterate and negligent about
starting school, Miss Merry said.

But cases that are crying for at-
tention now are individual cases
where the child must stay at home
to help provide for the family or to
take care of the sick. The child that
is compelled to make such a sacrifice
is usually bright and intelligent but
when he eventually returns to school
he is classified low, she said.

State clubs have helped largely
with money, Miss Merry said, but
personal help is needed most.
Now is the time she concluded,

METHODISTS WILL MEET IN NOVEMBER
On November 8 Lay and Ministerial
Delegates to State Council Will
Meet in Executive Session
ON 9TH MINISTERS WILL JOIN
On Third Day Ministers and Mem-
bers of Council Will be Joined
by Four Lay Delegates

The Methodist Episcopalians of
Indiana will gather for a three-day
convocation on the 8th, 9th and 10th
of November, it was announced to-
day by Bishop F. D. Leete of the
Indiana Area.

On the first day, lay and minis-
terial delegates to the State Council
will meet in executive session. At
this time matters of vital interest to
the development of the church life
of the state will be decided. The
hospitals, colleges, orphanages, and
Wesley foundations for religious in-
struction at the state universities
will be represented before the Coun-
cil.

On the second day, all the minis-
ters of the Indiana, North Indiana,
and Northwest Indiana Conferences
will meet with the Council. This meet-
ing will be observed as a Retreat in
preparation for a vigorous cam-
paign of evangelistic effort through-
out the entire state.

On the third day, the ministers
and members of the Council will be
joined by four lay delegates, elected
from every Methodist Episcopal
church and chapel in the state. The
DePauw University choir, directed by
Dean Robert G. McCutchan of Green-
castle, will sing. Dr. B. M. Tipple
of Rome, Italy; Bishop Leete, who
has just returned from the Ecumeni-
cal Conference at London and from
a three months' tour of Europe, and
others will address the convention. It
is expected that between five and six
thousand delegates will be present.

On the last day, the conference
will be seated by districts and head-
ed by the superintendents as follows:

W. E. McKensie, South Bend dis-
trict, South Bend; F. K. Dough-
erty, Lafayette district, Lafayette;
U. G. Leazenby, Crawfordsville dis-
trict, Crawfordsville; H. L. Davis,
Greencastle district, Greencastle; W.
H. Wylie, Bloomington district,
Bloomington; J. F. O'Haver, Vin-
cennes district Vincennes; J. S. Ward,
Evansville district, Evansville; M. A.
Farr, New Albany district, New Al-
bany; L. T. Freeland, Seymour dis-
trict, Seymour; C. E. Bacon, Ind-
ianapolis district, Indianapolis; W.

F. A. Hall, Logansport district,
Kokomo; W. B. Freeland, Wabash
district, Wabash; W. W. Martin, Ft.
Wayne district, Ft. Wayne; A. G.
Neal, Goshen district, Warsaw.

Wide interest is being shown in
the state gathering and each district
is expecting to show up in full force
before the State Convocation.

AMUSEMENTS
May McAvoy Stars in Picture
Picture lovers are finding a real
treat in "Everything For Sale", in
which May McAvoy, lately elevated
to stardom by Realart Pictures, is
being shown today and Tuesday at
the Princess Theatre.
May McAvoy has won her spurs
because of an ability to gain from a
role its last modicum of heart in-
terest; because of a face that is
marvelously expressive, and a per-
sonality which is at all times simple
and natural. In fact perhaps the
nicest thing ever said about this lit-
tle miss is that "one does not think
of the actress at work—but of a
real girl and her trials and tribula-
tions as revealed on the screen."
To show that the star's range ex-
tends far beyond this type of work,
Realart is now presenting her in
"Everything For Sale", a modern
society drama with an underlying
motif of appeal to ninety-nine people
out of one hundred.
Miss McAvoy appears as Helen
Wainwright, a girl fresh from fin-
ishing school who is confronted with
the age-old problem of marriage for
love—or for money.
The heroine's reactions to this
important question are made espe-
cially entertaining by a series of in-
tensely dramatic episodes, including
an exciting sequence in which the

With a Florence you do not have to be taking the pipe down every two
to four weeks to clean the soot out of the pipe. No Soot, No Clinkers,
No Dirt with a Florence—Everything consumed.
For 20 years J. B. Howard, inventor of the Hot Blast Florence has of-
fered \$5,000.00 in cash to any manufacturer or dealer who will pro-
duce another stove that will heat the same amount of space with the
same amount of fuel as the Florence. And up to date it has not been
taken. They know that they do not dare to set up against the Flo-
rence Hot Blast. If other manufacturers had a stove that would equal
the Florence they would have claimed the \$5,000.00.

"See My Lawyer"—Mystic

At the Mystic today and Tuesday
appears a Robertson-Cole release,
"See My Lawyer," which is said to
be a story full of thrills and dra-
matic interest.

The story has to do with two
young fellows—Robert Gardner and
Billy Noble—who become interested
in a machine which an inventor,
Trueman by name, declares will
manufacture artificial rubber. Ro-
bert and Billy begin to float stock
in an artificial rubber company, and
so convincing are their circulars
that money begins to pour in. Ro-
bert, believing he is on the road to
a fortune, proposes to his sweet-
heart, is accepted and the wedding
day set.

The rubber trust, hearing of the
success of the invention, ask that
their experts be given a demon-
stration. They want to buy the in-
vention. On the day set for the
demonstration, Billy is alone in the
office with the inventor and sudden-
ly discovers that the machine is a
fake. He realizes that he and Robert
are in a fine fix, their supposedly
wonderful invention being nothing
more or less than a fraud.

Billy decides that the only way
Robert, who has signed all of the
circulars, can be kept out of jail, is
to sham insanity. Billy is to act as
his lawyer. When the trust experts
arrive Billy declares they will give
no demonstration. The trust ex-
perts are suspicious and the postal
authorities notified. A postal inspec-
tor demands a demonstration on the
threat of sending Robert to jail for
using the mails to defraud if the
demonstration is not satisfactory.
It's a fine mixup, but several logical
developments which are brimful of
clean-cut fun straighten matters out.

MOTHER! CLEAN
CHILD'S BOWELS WITH
CALIFORNIA FIG SYRUP

Even a sick child loves the "fruity"
taste of "California Fig Syrup." If the
little tongue is coated, or if your child is
listless, cross, feverish, full of cold, or has
colic, give a teaspoonful to cleanse the
liver and bowels. In a few hours you can
see for yourself how thoroughly it works
all the constipation poison, sour bile and
waste out of the bowels, and you have a
well, playful child again.
Millions of mothers keep "California
Fig Syrup" handy. They know a tea-
spoonful today saves a sick child to-
morrow. Ask your druggist for genuine
"California Fig Syrup" which has direc-
tions for babies and children of all ages
printed on bottle. Mother! You must
say "California" or you may get an imi-
tation fig syrup.
